Participant	007
-------------	-----

	Yes	No
Do you or have you had a history of migraine headaches?	☐	☒
Do you or have you had a history of claustrophobia?	☐	☒
Do you or have you had a history of frequent or severe motion sickness?	☐	☒
Do you or have you had a history of any health problems (e.g., seizures, diabetes, heart problems, vertigo) that affect your ability to drive?	☐	☒
If you are a female, are you or is there a possibility that you might be pregnant?	☐	☒

Demographics

1. What is your race/ethnicity?	☐ American Indian or Alaskan Native ☐ Asian / Pacific Islander ☐ Black or African American ☐ Hispanic ☒ White / Caucasian ☐ Multiple ethnicity
2. What is your gender?	☒ Male ☐ Female ☐ Non-binary / third gender ☐ Prefer not to say
3. How old are you?	57
4. What is the highest level of education you have completed?	☐ 12th grade or less ☒ High school graduate of GED ☐ Some college/Associates/Technical school training ☐ College graduate ☐ Graduate school degree (Master's or Doctorate)
5. Which option best describes your current home?	☐ It is owned or being bought by you or someone in household. ☐ It is rented for money by you or someone in household. ☐ It is occupied without payment, money, or rent. ☐ I live with friends. ☐ I live with family. ☒ I have no permanent residence.
6. How do you pay for healthcare?	☐ Government funding (Medicaid, Medicare, Ryan White, VA) ☐ Private insurance ☒ Self-pay, out of pocket
8. Which best corresponds to your current work situation?	☐ Working full time. ☐ Working part time. ☒ Not working or looking for work. ☐ Disabled or retired and not looking for work. ☐ Currently in school.
9. What is your combined family income for the past 12 months (from all sources)	☒ Less than \$5,000 ☐ \$5,000-\$19,999 ☐ \$20,000- \$49,999 ☐ \$50,000- \$99,999 ☐ \$100,000- \$149,000 ☐ More than \$150,000 ☐ Do not know. ☐ Choose not to answer

Exit Interview

1. Which option describes your current home?	☐ It is owned or being bought by you or someone in household ☐ It is rented for money by you or someone in household ☐ It is occupied without payment, money or rent. ☐ I live with friends ☐ I live with family ☒ I have no permanent residence
2. How do you pay for healthcare?	☐ Government Funding (Medicaid, Medicare, Ryan White, VA) ☐ Private insurance ☒ Self-pay, out of pocket
3. Which best corresponds to your current work situation?	☒ Working full time. ☐ Working part time. ☐ Not working or looking for work. ☐ Disabled or retired and not looking for work. ☐ Currently in school.
1. You experienced Cognitive Behavioral Therapy and Heart Rate Variance interventions in virtual, augmented, and mixed realities. How would you describe your experiences with each of those headsets?	virtual reality was the favorite since it was the most immersive experience, fun and easy to use and understand. enjoyed mixed reality, but not as much due to less immersive and did not compare and also rating these based on tech comparisons. did not enjoy augmented reality at all, as it was not as immersive and i was aware of my real surroundings.
2. Do you think these types of technologies have a place in OUD treatment and management? If YES, how? If NO, why not?	potentially if the patient is ready to quit and wants to receive help, especially with the breathing exercises. utilizing these technologies may be beneficial depending on the severity of the patient.
3. How would you describe the iPAL application, in terms of a cravings management tool?	there would have to be mild cravings for there to be a positive impact on an individual. i do not believe that these interventions would be very beneficial if someone was having more severe cravings.
4. How would you describe the interventions (CBT, HRV)? Were the interventions appropriate for the intensity level and triggers you reported?	did not enjoy cbt at all. we are used to hearing everything this woman has said to us from others and in classes and it's not helpful. she makes it sound so easy to stop and kind of makes you feel worse as a person if you do not stop. HRV was very calming depending on the type of immersion session you are exhibiting. CBT not appropriate for intensity level and triggers reported, HRV more appropriate.
5. Do you think the iPAL app, or similar digital interventions delivered via phone should be integrated into OUD treatment plans? If YES, how and in what capacity or role? if NO, why not?	yes once someone is considered stable. patient defines stabilities as no more physical cravings or symptoms of withdrawal.

6. If iPAL or a similar app was available, would you download the app and incorporate it into your OUD treatment and management plan?

potentially, does not really know due to really only enjoying interventions through immersive experiences and not just on the phone.
