Exit Interview

1. Which option describes your current home?	☒ It is rented for money by you or someone in household
2. How do you pay for healthcare?	☒ Self-pay, out of pocket
3. Which best corresponds to your current work situation?	☒ Working full time.
1. You experienced Cognitive Behavioral Therapy and Heart Rate Variance interventions in virtual, augmented, and mixed realities. How would you describe your experiences with each of those headsets?	The CBT " I enjoyed it " . She enjoyed VR but did not like the breathing aspect. The VR headset was too heavy. She enjoyed both augmented and mixed more than VR based on the weight of the equipment.
2. Do you think these types of technologies have a place in OUD treatment and management? If YES, how? If NO, why not?	Yes, this may be an alternative for people that do not want the human interaction. Specifically, those still actively using opioids.
3. How would you describe the iPAL application, in terms of a cravings management tool?	She believes it was effective because of how the survey match her to an intervention that worked for her.
4. How would you describe the interventions (CBT, HRV)? Were the interventions appropriate for the intensity level and triggers you reported?	She felt they were effective because of the person-centered approach.
5. Do you think the iPAL app, or similar digital interventions delivered via phone should be integrated into OUD treatment plans? If YES, how and in what capacity or role? if NO, why not?	Yes, it should be available to people in all type of OUD tx.
6. If iPAL or a similar app was available, would you download the app and incorporate it into your OUD treatment and management plan?	Yes
